

Benefits

1. excellent neutralization detergents against deposits bewaring the function of turbochargers
2. optimized cleaning properties against piston deposits
3. effective protection against sludge formation

Product Description

BIZOL Allround 5W-30 is a high performance fuel economy gasoline engine oil based on special selected synthetic base oils with a well-balanced choice of advanced additives. It protects against wear and positively favors fuel consumption. Special additives reliably protect against corrosion and neutralise acids. The oil thus ensures a long service life of the engine components. The high resistance to oil sludge formation is another outstanding feature of this HC synthesis oil. It minimizes the risk of LSPI.
