## POWER RACING 2T

This is a full synthetic lubricant based on carefully selected very high quality base oils for air cooled 2-stroke gasoline engines. This oil is specifically designed for two-stroke engines of motorcycles with mixed or separate lubrication. It assures a remarkable cleanliness of the engine, and has a high lubricity and a high thermal stability. It substantially avoids the formation of exhaust smoke.

### Приложения

Due to its universal character this lubricant is suitable as well with small displacement engines as with heavy motorcycles. Satisfies the requirements of high specific power engines, such as Kawasaki, Suzuki, Yamaha or Honda.

### Характеристики

	Unit	Average Value
Плотность при 15 °C	g/ml	0.877
Вязкость при 40 °C	mm <sup>2</sup> /s	79.3
Вязкость при 100 °C	mm <sup>2</sup> /s	11.4
Коэффициент вязкости		135
Температура застывания	°C	-45
